

COMMUNITY GUIDE TO CEQA

SPECIAL FOCUS ON CEQA & GLOBAL WARMING

To help citizens directly affect development plans, open space, and how our towns and cities evolve, the Planning and Conservation League Foundation developed the *Community Guide to CEQA*. The California Environmental Quality Act (CEQA) requires that the environmental impacts of proposed development projects be rigorously evaluated, and that feasible mitigation measures or alternatives be adopted prior to project approval.

The CEQA Workshop includes information on the following:

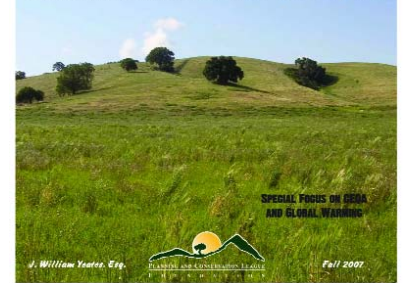

- How global warming fits into CEQA
- Projects subject to CEQA
- The responsibilities of agencies
- Types of environmental impact reports
- Local examples and much more!

Registration required, go to www.PCLFoundation.org!

PCLF has partnered with the following organizations for this workshop: VCCool • Community Environmental Council • Ventura Citizens for Hillside Preservation • Citizens for a Peaceful Resolution • Sustainability Council of Ventura County • Midtown Community Council • C+ Green Building Council • Ventura County Civic Alliance • Surfrider Foundation – Ventura • Bell Arts Factory

COMMUNITY GUIDE TO THE *California Environmental Quality Act*

WORKSHOP DETAILS

Saturday, Nov. 15, 2008
9 AM - 4 PM

Bell Arts Factory
432 N. Ventura Avenue
Ventura, CA 93001

Registration fee varies
